

# Environmental/Nature Club

## ATTENTION NATURE LOVERS!

Do you have an interest in animals, plants, helping our environment, and spending time outdoors? If so, the UES has a club for you.

The Environmental/Nature Club will be meeting two **Fridays** a month after school from **3:00 to 4:00 PM** throughout the year starting October 14th. There are no late buses so **students must have their own transportation home.**

Bring your binoculars, magnifying glasses, field books, and love for nature and join us for many fun filled adventures. Meet at Mrs. Klock's room (S06) promptly at 3:00 PM so we can get started.

HOPE TO SEE YOU ON FRIDAYS!

Mrs. Klock
